

Student Information

This exercise is designed to give me a little more information about the composition of the class. Please answer the following questions:

1. Who am I?
2. Where did I come from?
3. Where am I going?
4. Why am I here?

For those of you who need more specific guidelines on how to properly answer the preceding questions, try these:

1. Name
2. E-mail address
3. Major
4. Minor
5. Home town
6. Year in school
7. Reasons for taking this course
8. Language experience
9. Computer experience
10. Nickname for grades

I need sincere and informative responses from you so I get a better idea of your expectations (which enables me to meet them). This will also give me the e-mail addresses you frequently use, enabling me to disseminate information quickly.
